

Attorney's Docket No. Intel Corporation: 10559-186002/P8089C;APD1636-2-US

Remarks

Reconsideration and allowance of the above-referenced application are respectfully requested. Claim amendments are presented herein to obviate the current rejection.

The allowance of claims 34, 35, 37-41, and 44-49 and the allowability of claims 33 and 34 is gratefully acknowledged. With regard to the double patenting rejection, claim 24 has been amended to recite the portable communication device in the body of the claim, claim 42 was amended to incorporate the features of claim 43, and claim 50 was amended to recite means for determining to further differentiate it from claim 39.

Based on the above described amendments, it is respectfully submitted that this application is now in condition for allowance.

It is believed that all of the pending claims have been addressed in this paper. However, failure to address a specific rejection, issue or comment, does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above are not intended to be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this paper should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment of any
